

LUCKY LOUIS - Louis Mansfield, Rapid City, surveys the remains of car No. 30 after they went over end, flying over 10 feet in the air, during a race at Oahe Speedway. Louis said he wouldn't be back at the track for the next race, but he would be in the stands watching. Two reasons--one, the car was smashed beyond repair, and two, it's a lot safer place from which to see the races. (NEWS photo)

HOW DOES IT FEEL TO COME OUT OF A WRECK?-Said Louis Mansfield, "Whew!" He is shown just after No. 30 did a 10-foot high dive with him. The lady beside him is his Number One fan. (NEWS photo)
